Daniel Nguyen

OBJECTIVE

I am looking for internship opportunities where I can contribute on a team towards user-centered design solutions.

EDUCATION

University of Washington - Seattle, WA
Major: HCDE
GPA: 3.6
Henry M. Jackson High School – Mill Creek, WA
GPA: 3.96

EXPERIENCE

HCDE CRISP Research Group

Currently conducting data mining and analysis through Twitter's API for disruptions and adaptations after natural disasters. Participating in weekly meetings to present findings and search more SQL queries.

HCDE K-12 Outreach Group

Currently spreading awareness of the HCDE program by creating presentations and conducting workshops for K-12 students.

Concrete Canoe

Currently a member of the UW concrete canoe team, involved in the aesthetics and structural design teams. Helping with designing the looks and the hull of the canoe using Adobe and SolidWorks.

Amazon Part-Time Associate

2017

Navigated and managed large-scale delivery routes using Amazon's COMP database and Microsoft Excel.

Technological Student Association

2015

Competed in the Structural Engineering competition and placed as a Washington State Finalist.
